Screenshots

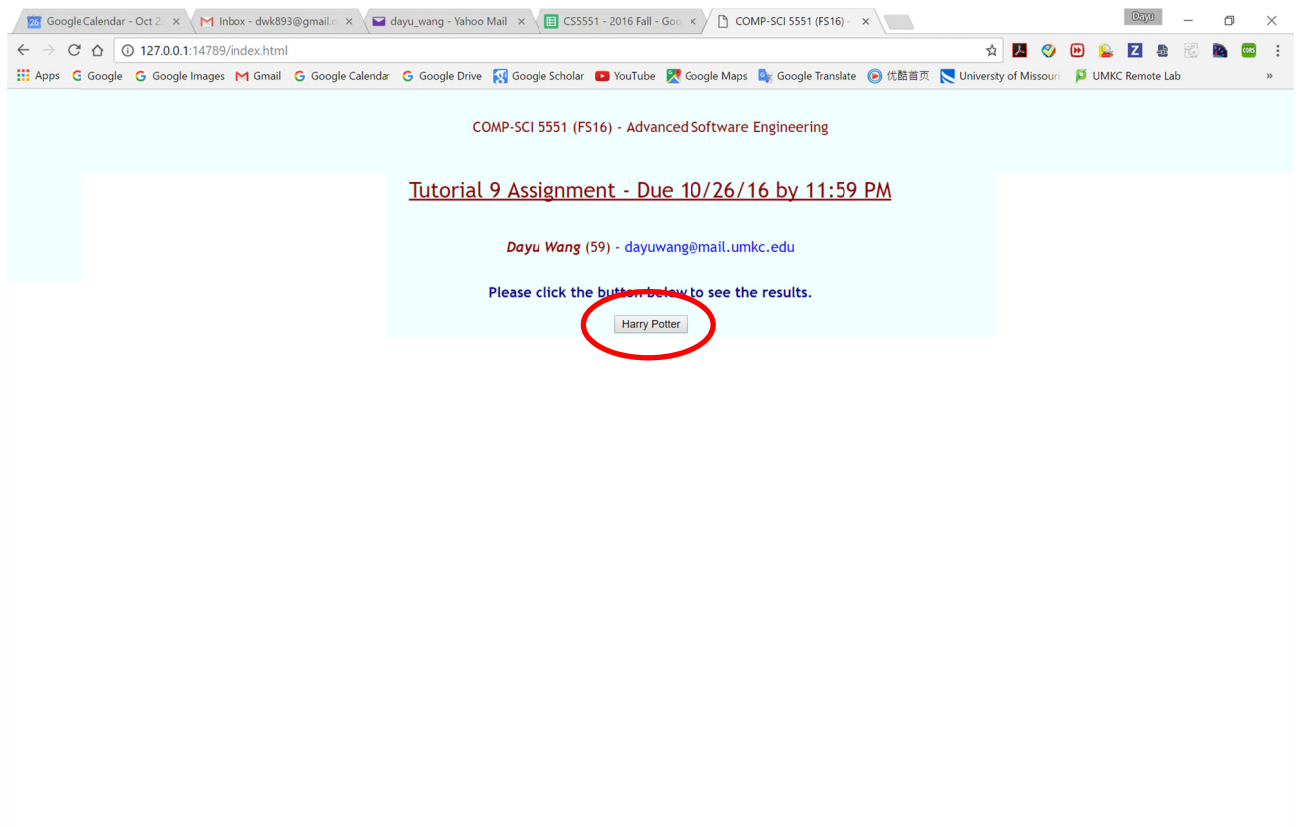

The screenshot shows the Code Beautify JSON Viewer website. The browser tabs include Google Calendar, Gmail, Yahoo Mail, CS5551 - 2016 Fall - Google, and Best Online JSON Viewer. The website header includes the Code Beautify logo and navigation links like JSONFormatter.org, My Ip, Search, Recent Links, Sample, Save, More, and Sign in. A 'Save & Share' button is in the top right.

The main content area is divided into three sections:

- JSON Input:** A text area containing a JSON object. The first line is:

```
1 [{"WikiInfo":{"name":"Harry Potter","intro":"Harry Potter is a series of fantasy novels written by British author J. K. Rowling. The novels chronicle the life of a young wizard, Harry Potter, and his friends Hermione Granger and Ron Weasley, all of whom are students at Hogwarts School of Witchcraft and Wizardry. The main story arc concerns Harry's struggle against Lord Voldemort, a dark wizard who intends to become immortal, overthrow the wizard governing body known as the Ministry of Magic, and subjugate all wizards and Muggles."}}
```
- Result mode:** A sidebar with a dropdown menu set to 'tree'. It contains buttons for 'Load Url', 'Browse', 'Tree Viewer', 'Default Tab Space', 'Beautify', 'Minify', 'Validate', 'JSON To XML', and 'Export To CSV'. There is also a 'VIRTUALSUMMIT' banner.
- Result : Beautify Json:** A text area showing the beautified JSON. The first line is:

```
1 {

Harry Potter

[Wikipedia Introduction of "Harry Potter"](#)

Harry Potter is a series of fantasy novels written by British author J. K. Rowling. The novels chronicle the life of a young wizard, Harry Potter, and his friends Hermione Granger and Ron Weasley, all of whom are students at Hogwarts School of Witchcraft and Wizardry. The main story arc concerns Harry's struggle against Lord Voldemort, a dark wizard who intends to become immortal, overthrow the wizard governing body known as the Ministry of Magic, and subjugate all wizards and Muggles. Since the release of the first novel, *Harry Potter and the Philosopher's Stone*, on 26 June 1997, the books have found immense popularity, critical acclaim and commercial success worldwide. They have attracted a wide adult audience as well as younger readers, and are often considered cornerstones of modern young adult literature. The series has also had its share of criticism, including concern about the increasingly dark tone as the series progressed, as well as the often gruesome and graphic violence it depicts. As of July 2013, the books have sold more than 450 million copies worldwide, making them the best-selling book series in history, and have been translated into seventy-three languages. The last four books consecutively set records as the fastest-selling books in history, with the final instalment selling roughly eleven million copies in the United States within twenty-four hours of its release. The series was originally published in English by two major publishers, Bloomsbury in the United Kingdom and Scholastic Press in the United States. A play, *Harry Potter and the Cursed Child*, based on a story by Rowling, premiered in London on 30 July 2016 at the Palace Theatre, and its script was published by Little, Brown as the eighth book in the series. The original seven books were adapted into an eight-part film series by Warner Bros. Pictures, which has become the second highest-grossing film series of all time as of August 2015. The franchise has also generated much tie-in merchandise, making the Harry Potter brand worth in excess of \$15 billion. A series of many genres, including fantasy, drama, coming of age and the British school story (which includes elements of mystery, thriller, adventure, horror and romance), the world of Harry Potter explores numerous themes and includes many cultural meanings and references. According to Rowling, the main theme is death. Other major themes in the series include prejudice, corruption, and madness. The success of the books and films has ensured that the Harry Potter franchise continues to expand, with numerous derivative works, a travelling exhibition that premiered in Chicago in 2009, a studio tour in London that opened in 2012, a digital platform on which J.K. Rowling updates the series with new information and insight, and a trilogy of spin-off films premiering in November 2016, among many other developments. Most recently, themed attractions, collectively known as The Wizarding World of Harry Potter, have been built at several Universal Parks & Resorts amusement parks around the world.
